

Income LIVE UNITED

Fairfield County's Bold Goals in income and household stability are:

- Individuals and families will achieve financial stability
- Increase accessible, safe, permanent, affordable housing
- People in crisis have access to emergency food and shelter
- Individuals and families are prepared to respond to disasters and emergencies

Jeff

Jeff had been homeless for more than a decade. When he finally decided that he had nothing left to lose, he swallowed his pride and turned to Fairhaven Emergency Shelter. At the shelter he was given something that he had not had in years.... hope. Jeff didn't just get a hot meal and a roof over his head. He received intensive case management to provide the support system that helped him find housing and stable employment. He started working at the Fair Haven Lawn Care Company and after just a few short years Jeff is living independently, engaged to be married, and managing Patriot Pride Painting Company. "Thanks to Fairhaven Place and Lutheran Social Services, people are counting on ME now. That has meant everything to me."
